## After School Program Open To All SJA Students - Grades: 1-4

### Fall Session 2017

**Bricks 4 Kidz®** after-school classes build on the universal popularity of **LEGO®** bricks to deliver a high quality of educational play emphasizing – **S.T.E.A.M.** (Science, Technology, Engineering, Architecture and Math) Each hour-long class is a fun, enriching experience for your child. Kids build a new project each week using the classic bricks loved by generations of children. Our unique models aren't the kits you find on the shelves of a toy store. They're designed by Bricks 4 Kidz® to teach concepts across a variety of subject areas using **gears, bushings, pulleys, levers, axles, batteries, motors, and remote controls.**

#### Course Title: *"Forces of Nature"*

Fasten your seatbelts; we're in for some wild weather! This unit is all about the amazing and powerful forces of nature, as students explore the when, where, how and why of all kinds of natural phenomenon. There is a lot of geography in this unit -- we'll examine a map of the Pacific "Ring of Fire" where most tsunamis occur, view a diagram of the tectonic plates and learn how their movement creates earthquakes, define the area known as "Tornado Alley" in North America, and find out what hurricanes are called in different parts of the world. These lessons are designed to improve your child's understanding of the forces of nature, while taking care not to alarm. Each model represents the motion of that particular weather or event, with a seat for a mini-figure to take in the action! Take cover because we're about to take a trip through some wild weather! Kids will love to build moving models of a tornado, a tsunami, an earthquake and a cyclone. Learn how they move, why they happen and what you can do to stay safe!.

At the end of the **6 week session**, students will take home their own custom LEGO® Mini-figure to keep.

# St. Joan of Arc Chess Club

Do you want to learn how to play the game of knights and kings? If so, join St. Joan of Arc School's very own chess club. In the chess club, you will learn how to play chess and important strategies, learn the rich history behind chess, and most importantly you will have fun. The chess club at SJA will be instructed by one of our very own Knights of Columbus, Mr. John Pilles.

To sign up for this fun and educational activity please email [SJAChessClub@stjoansk-8.org](mailto:SJAChessClub@stjoansk-8.org) with your name, homeroom and phone number. But hurry up, there are only 20 spots available for this unique experience. The signups will be open from October 20<sup>th</sup> to October 24<sup>th</sup>. You will receive an email confirmation and an information sheet in school to return with your payment.
